## SUMMARY

I am a dedicated and skilled BTECH student with a strong background in science and a passion for web development. I am proficient in HTML, CSS, and JavaScript, and I've worked on various projects that reflect my creative problem-solving skills. With a commitment to continuous learning in areas like AI and ML, I'm excited to further enhance my skills and contribute to collaborative projects.

## EDUCATION

### BTECH

**Gururanak Institute of Technology**

📅 07/2022 - 01/1970 📍 Kolkata

### Higher Secondary

**Kalyani University Experimental High School**

📅 03/2020 - 02/2022 📍 Kalyani, WB, India

## LANGUAGES

### English

Advanced

### Hindi

Advanced

### Bengali/Bangla

Native

## TRAINING / COURSES

### Data Structures and Algorithms

This course covers data structures and algorithms, including approximation algorithms.

### IBM CSRBOX: Turning Data into Decisions using Python

- Acquired skills in data analysis, data visualization, and Python programming.
- Learned to process, analyze, and derive actionable insights from data.
- Gained hands-on experience with libraries such as **Pandas**, **Matplotlib**, and **NumPy**.
- Applied statistical techniques to solve real-world decision-making problems.

## PROJECTS

### Web Development Projects

📅 01/1970 - 01/1970

All projects are designed and written using HTML, CSS, and JavaScript.

- **Personal portfolio project showcasing web development skills**
- **Hospital Management Web App System**
- **Check for Balanced Brackets in an expression**
- **Stopwatch application**

## STRENGTHS

### Problem-Solving

Ability to tackle complex technical challenges and design user-friendly interfaces.

### Collaboration

Strong communication skills to work effectively with cross-functional teams and ability to give and receive constructive feedback.

### Continuous Learning

Commitment to staying up-to-date with the latest trends and technologies in front-end development.

### Attention to Detail

Keen eye for design and attention to detail to ensure high-quality work.

## KEY ACHIEVEMENTS

### Web Project Leader

Led team in developing web projects using JavaScript.

### Logo Design Impact

Designed 10+ logos boosting brand recognition by 20%.
